Sophistication Made Simple

Brother CV3440 and CV3550 coverstitch machines offer coverhem functionality for a high-quality, sophisticated finish. Easy handling and user-friendly threading systems make hemming and topstitching fabrics and garments a breeze.

Create a masterpiece!

Stitch Selection

Triple cover stitch

Three-needle, four-thread reinforced cover stitch. Perfect for hemming, decorative effects, elastic and durable seams for sportswear.

Wide cover stitch

Two-needle, three-thread cover stitch. Ideal for hemming, topstitching and decorative effects on T-shirts and knits.

Narrow cover stitch

Two-needle, three-thread cover stitch. Optimal for hemming on fine fabrics, tape binding and topstitching.

Chain stitch

One-needle, two-thread double chain stitch. Excellent for sewing rolled hems, tape binding, joining woven fabrics and decorative effects.

Triple top cover stitch*

Three-needle, five-thread top cover stitch. Perfect for hems, top stitching, flat joining seams and edging with elastic and bindings.

Top cover stitch (Wide)*

Two-needle, four-thread top cover stitch. It is perfect for hems, top stitching, flat joining seams and edging with elastic and bindings.

Top cover stitch (Narrow)*

Two-needle, four-thread top cover stitch. It is perfect for hems, top stitching, flat joining seams and edging with elastic and bindings.

*Available only with CV3550 model.

CV3440

The CV3440 is an advanced coverstitch sewing machine for both ornamental and constructive applications. Ideal for all types and weights of fabric, the machine creates professional hems, chain stitch and decorative stitching with ease.

Features

Large working space

Comfortably work on projects with ample free space surrounding the needle.

Easy access controls

Easy access to presser foot lever, stitch length adjustment dial, differential feed ratio adjustment dial and handwheel.

Free arm

Easily manoeuvre fabrics to create curved-shaped pieces and small items.

Release of thread tension

Lift the presser foot to automatically release the thread tension and remove your garment from the machine without sticking or tugging.

Differential feed

Alter the speed at which your fabric is feeding through the machine.

Telescopic metal thread stand

Once threaded, the stand helps straighten the threads to prevent tangling.

Lower looper threading

Super easy lower looper threading with simple to follow thread guide.

Vertical needle

Provides extra strength and power for thicker fabrics.

Enjoy endless artistic

CV3550

The CV3550 offers all the advanced features of the CV3440, plus additional top cover stitches to give you an even more professional look.

Pressure control

Adjustable dial assures consistent fabric delivery.

LED work light

Brightly lit, energy saving LED lamp near needle.

Easy transportable machines

Lightweight, compact machines with carry handle.

*Embellish your projects
with new top cover stitches*

possibilities!
